

VOLUNTEER IN

LSKCA

We are looking for an enthusiastic person to join our team in a class with children from 9-12 years old.

- **What will you do?**

You will be present at school during the morning programs (including expeditions) and assist the teachers. If you have more experience and you are interested, you can participate more in the regular school program (you can try your own lessons or help teachers with their activities, especially in foreign language classes). And during the afternoon club (where is more time for leisure activities – sports, crafts, games...) you can be very active and offer children activities according to your hobbies and interests. You can prepare your own demos and projects (games, treasure hunts, presentations, art activities, cooking activities, sports, etc.). You can also help with the preparation of learning aids and tools or take part in expeditions etc.

Volunteer job expectancy is six hours every working day.

- **What are we looking for?**

The volunteer is mainly expected to speak English (and other foreign languages) to the children as well as adults. The main purpose of the project is to create an environment where other languages, cultures, and characters are present and to present the kids with the experience of meeting cultural differences, so it becomes a natural part of their lives.

We have a very good and wide experience with volunteers, and we are really looking forward to welcoming new, active, interesting colleagues with a real interest in children's education.

How can you apply?

To apply for the project, you can send your CV and motivation letter to the following email:

✉ sona.vlasakova@skolazahrada.cz and jana.ruzickova@skolazahrada.cz

Please, also fill out also the following form:
