About Spolek Hnízdo

Hnízdo is an association of active inhabitants of the region, which carries out several activities, especially in the field of formal, non-formal and informal education.

The association itself is also dedicated to organize educational events for parents, teachers and the public - we invite to Tišnov interesting personalities of contemporary pedagogy, we organize discussions and seminars on education and training, human rights, protection of the environment.

Volunteers in Hnízdo

The presence of volunteers at Hnízdo association school has a 4-years tradition (since 2018). Our volunteers have important roles, they help our members to run association and its management, PR work, websites, fundraising.

Volunteers can join or organize many different activities, for example: trips, excursions, art workshops, cultural events, evening clubs, sport activities, organizing celebrations and so on.

Every volunteer has an individual program, depending on their interests and hobbies. We are open to accept and support all the ideas they have. According to our agreement, they are suppose to spend 30 hours per week for the project. We welcome volunteers with fewer opportunities as well(Geographical, social, economical, etc.).

Many of our community members have personal experience from a foreign volunteering projects, studies or/and internships, and this is a considerable motivation to help with the care of volunteers who can experience something similar now in Tišnov. ESC Volunteers are very warmly welcomed and fully integrated into the life of schools and the whole community.
